

Purchasing a Replacement Textbook –HIGH SCHOOL

If you have lost or seriously damaged a **textbook**, it is recommended that the cost of lost/damaged textbooks is paid by the student/parent and Textbook Services can order and replace all necessary instructional materials through reputable vendors.

You can also consider purchasing a used book from an on-line book source.

Note: When you choose to buy a replacement copy, (instead of paying for the school district to replace it), the textbook you bought will become the property of the school district and there cannot be any refund or return if the original book is found.

1) Here are some possible on-line book sources:

www.fes.follett.com (has a policy to buy only from reputable sources)

We do not take responsibility for any problems you may encounter with these companies or for your online shopping experience. If the book you get has excessive damage or belongs to another school, we reserve the right to not accept it for replacement.

www.half.com

www.alibris.com

www.amazon.com

We do not recommend any websites

2) Search for the exact book by their ISBN number. Some of the most common titles of lost textbooks are listed below along with the ISBN number. **This number must match exactly** in order for us to accept it as a replacement for a lost textbook. If the textbook is not on this list, please see a library staff person for the information.

3) We can only accept textbooks legally obtained by a reputable company. We cannot accept books that are property of another school district, another school or a college. In addition, the book must be in good condition, with no writing, marks or damage to the book.

4) **You must bring in a copy of your receipt** along with your purchased textbook.

Please note: We cannot accept replacement copies for **core/class novels or library books** that are lost or damaged. They are specialized copies with special bindings or teaching sections and must be replaced by the library staff. Please contact library staff for cost of the core novel or library book; most are between \$15 and \$25 in cost.
